This book was written using male pronouns, yet it is intended to apply to both genders.

I would like to thank all those who purchased, received or borrowed this book. Nothing is coincidental!
This book was meant to fall into your hands!

This book received during channeling and typed directly into the computer. It was written to satisfy the public's curiosity with insights and knowledge which my soul has collected in its thousands of incarnations.

All that is required of you the reader is curiosity, flexible thinking with a healthy sense of humor and a willingness to accept new ideas.

The purpose of the book:

To recognize that **nothing is incidental but a divine pattern with an Astro-Numerological order** to all that happens on the face of Earth.

Mathematics is the tool for understanding the universe.

This book contains data of Years and Ages that were received by mathematical calculation cycles using Astro-numerological circulating order, which moves in time approximately 4,000 years backward and over 20,000 years ahead.
Miraculously a historical cyclicity has been discovered.

Before we begin, here are few basic insights:

☞ There never was and never will be a single truth.

Because it denies the right to choose. If there were only one truth - you would have been prevented from thinking otherwise; therefore, accept the contents of this book as an additional opinion that can enrich the knowledge you already possess.

It is important that you will have your own personal opinion and way of thinking, open your mind and never blindly follow other people's ideas.

☞ As a spirit, You are all spirits made of souls, temporary guests inside human visual forms across the universe. Nothing was or will be yours forever other than your free will. Even your soul is not yours! but belongs to *The Creation!*

☞ Life is like a game of monopoly:

Each player(a human living) begins at the starting point (birth) with a backpack (his soul's journey) and a roadmap, contains the player chosen main lines of his destiny, combined with the soul's secondary lines, that are created by the player during his life.

During this game, the player undergoes changes, buys/sells, builds/separates, ascend/descends, finishes the game's round (dies) and returns to the starting point and then starts all over again (the soul reborn in a new body or stay as a spirit) with a new roadmap (the lines of destiny) in a new location somewhere on Earth or in some other location in the infinite universe.

☞ **Your aim is to recreate endlessly.**

You are all originally - souls of spirit. You choose to be embodied in living bodies (material) for a short time, in order to testify the nature of:

- 1.) who you are as a spirit.
- 2.) The nature of *The Creation* or *God's spirit*.

☞ **God can never be ONE entity**

The universe always allows a free choice between at least two options, that's why God is not one entity but multiple entities which constantly duplicate themselves.

☞ **No material will make spirit happy for long, only emotions will.**

☞ **You cannot die.**

You are made of spirit which cannot be extinguished.
You're all eternal souls.

☞ **"All is foreseen, but freedom of choice is given".**

A question may occur:

"If all is foreseen - then where is the person's selection?"

So the answer is:

"The Creation / God will never interfere in the human's choice. A divine pattern exists with the main destiny lines of each person while there is free will to select each move."

For example: Driving a vehicle on an existing road that has multiple paths (= all is foreseen) yet **the right to choose how and where to drive** between those paths through interchanges and shortcuts is given to you, the driver (= freedom of choice is given).

You can lengthen or shorten your road, but eventually, you will reach the same target foretold.

All will happen - only time changes.

The Astro-numerological circulating order rotates and affects the ten planets in the Milky Way Galaxy which **human life can be created & exist only on one planet in each Galaxy**, in this case: Earth; therefore **that order affect us**. In order to understand the table's calculation in Chapter 4: **The birth of Jesus should be the starting point - forward and backward in time.**

Jesus (Joshua) was a divine messenger sent by *The Creation* to Earth to undo the religions and open a new Age without religions and material slavery, but he was ahead of his time and absurdly and unintentional Jesus created the religion of Christianity.

The enormous absurd is: the establishment of the Christian religious "state" of the Vatican in Rome under the Pope, when the Romans were those who crucified and killed Jesus.

Religions get a tremendous impetus during the age of the Pisces that began since the nativity of Jesus: in the year 0 and continues until the year 2106, when the Age of the Aquarius overlap it from the year 1638 and will continue until the year 4212, as detailed in Chapter 3.

The Age of the Pisces belongs to the Zodiac's variable signs, so it always starts with goodwill and up to madness and self-destruction. During the Age of the Pisces, the three main religions: Christianity, Judaism, and Islam expanded & were blown out of proportion, using extreme control, threats and intimidations

by dictating to their followers:

- Arrival to prayer complexes and religious classes, setting dates of holidays and ceremonies, prohibited of mixing between believers from different religions; especially when it comes to marriage or burial then it get more absurd, as:
- Marriage ceremonies that unite only those who believe in the same religion or burial ceremonies that allow only to 'their believers' to be buried on 'their land'.
- By dictating to their believers what and when to eat, on which days to strike and fast.
- Receiving donations up to establishment of cults or radical factions.

All religions work in the form of an unnecessary mediation agencies between humans and *The Creation / God* while they have being funded by governments, public and generation of believers.

Between all religions there is a consistent marketing competition that promises to unite their believers and transform them to a 'better people' by giving them answers from the "holy" books, which mostly contain tales from ancient times, remember:

Any Material will never be holy - except of Souls.

This industrial-religion is rolling a tons of money for generations by exploitation and servitude their believers with no option to innovation, with the goal of turning their believers into slaves in 'the name of God'.

Human beings have an ego; therefore, religions will not be able to exist in peace.

Historical evidence: **Religions never have united but divided and dispersed hatred** up to the extinction of all that is different and unfortunately, it's also relevant even today.

**Every religion revolves and violates human freedom.
Religions are not spirituality.**

- **A religion man:** dictates without choice and dealing with materials such as houses of worship, ceremonies, cemeteries, books, laws and rules, artifacts and clothing.

- **A spiritual man:** provides a free choice; therefore, he is not a religion and does not deal with the material but communicates with *The Creation spirit* without any aid.

You do not need mediators, you are all associated with God and *The Creation* from the moment of your creation and all of you have an infinite soul that has been lent to you.

In the approaching Age of the Aquarius, there will be a customized medicine by a medical diagnosis of spiritual healers and mediums accompanied by doctors. **Each person has a natural ability to heal his own soul and body.**

We are now separating from the Age of the Pisces and gradually **entering the Age of Aquarius that will begin in the year 2106 and lasts until the year 4212**, while the Aquarius Age rays began 468 years before = in the year 1638.

Each Age lasts 2106 years.

Age Rays begin 468 years before each Age.

Here are few signs of the arrival of the Age of the Aquarius:

- The power returns to the civilians that will bring new order for the better in favor of the masses.
- Women will get stronger; they will lead and bring world peace, one global government to all civilians on Earth.
- Technologies mostly base on air, gas and pressure.
- High insight and spiritual at its peak.
- Reducing the world population by massive natural disasters are expected up to the entrance of the

Age of the Aquarius in the year 2106. All new creation requires chaos first.

- Religions will be replaced by free faith:
"In the universe, there are no religions but faith."
- As higher levels of education will be increased - religion will decrease.
- The population will reveal physical meetings with our Creators (the extra-terrestrial) and many other forms of life outside Earth.

The astrological Zodiac contains all the 12 Ages and affects the ten planets surrounding the sun Galaxy of the Milky Way including Earth.

Remember:

Life can exist only on one planet in each Galaxy, and each Galaxy has its own Zodiac cycle of Ages.

**The tool for understanding the universe is
the international language of: The mathematics.**

🌀 The Ages times tables 🌀

An Age: continues throughout **2106** years.

An Age Rays: appear **468** years before the beginning of each Age, it creates gradually overlapping period between Ages.

The Astrological Ages order	The beginning of the Age Rays	The beginning of the Age
The Age of Taurus	From the year 4680 BC Circle 9 - Cyclicity 2	From the year 4212 BC Circle 9 - Cyclicity 2
The Age of Aries	From the year 2574 BC Circle 4 - Cyclicity 6	From the year 2106 BC Circle 4 - Cyclicity 6
The Age of Pisces	From the year 468 BC Circle 7 - Cyclicity 9	From the year 0 <u>Nativity of Jesus</u> Circle 7 - Cyclicity 9

In the year **468** AD: The scientist Pythagoras known as 'the father of the number theory and string theory'.

In the year **1638** AD: (**2106 - 468 = 1638**) The scientist Galileo Galilei discovered that light is **10** times faster than the sound, he also found that all the planets are surrounding the sun.
