## *Divine Message ☺ 2*

*Dear* beloved,

*Who is asking for assistance and guidance in your life,  
so you may understand where you should turn to next*

*Go to the wise and silent person,*

*who does not ask for alms or provides you with talismans,  
who does not walk in wearing fine clothes  
or spends his time in temples and luxurious buildings.*

*You will reach that person by word of mouth.*

*Be wise, go to the modest, quiet, and humble ones.*

*The words of wisdom of heaven are spoken quietly  
with humor and a smile, not with shouting, threats  
and intimidation.*

*Not by might nor by power,*

*but by spirit, I am the LORD.*

# Introduction

This book was written using male pronouns, yet it is intended to apply to both genders.

I would like to thank all those who purchased, received or borrowed this book. Nothing is coincidental!  
This book was meant to fall into your hands!

This book received during channeling and typed directly into the computer. It was written to satisfy the public's curiosity with insights and knowledge which my soul has collected in its thousands of incarnations.

All that is required of you the reader is curiosity, flexible thinking with a healthy sense of humor and a willingness to accept new ideas.

#### **The purpose of the book:**

To recognize that **nothing is incidental but a divine pattern with an Astro-Numerological order** to all that happens on the face of Earth.

**Mathematics is the tool for understanding the universe.**

This book contains data of Years and Ages that were received by mathematical calculation cycles using Astro-numerological circulating order, which moves in time approximately 4,000 years backward and over 20,000 years ahead.

Miraculously a historical cyclicity has been discovered.

Before we begin, here are few basic insights:

**☞ There never was and never will be a single truth.**

Because it denies the right to choose. If there were only one truth - you would have been prevented from thinking otherwise; therefore, accept the contents of this book as an additional opinion that can enrich the knowledge you already possess.

It is important that you will have your own personal opinion and way of thinking, open your mind and never blindly follow other people's ideas.

**☞ As a spirit, You are all spirits made of souls, temporary guests inside human visual forms across the universe.**

**Nothing was or will be yours forever** other than your free will. Even your soul is not yours! but belongs to *The Creation!*

**☞ Life is like a game of monopoly:**

Each player(a human living) begins at the starting point (birth) with a backpack (his soul's journey) and a roadmap, contains the player chosen main lines of his destiny, combined with the soul's secondary lines, that are created by the player during his life.

During this game, the player undergoes changes, buys/sells, builds/separates, ascend/descends, finishes the game's round (dies) and returns to the starting point and then starts all over again (the soul reborn in a new body or stay as a spirit) with a new roadmap (the lines of destiny) in a new location somewhere on Earth or in some other location in the infinite universe.

### ☞ **Your aim is to recreate endlessly.**

You are all originally - souls of spirit. You choose to be embodied in living bodies (material) for a short time, in order to testify the nature of:

- 1.) who you are as a spirit.
- 2.) The nature of *The Creation* or *God's spirit*.

### ☞ **God can never be ONE entity**

The universe always allows a free choice between at least two options, that's why God is not one entity but multiple entities which constantly duplicate themselves.

### ☞ **No material will make spirit happy for long,** only emotions will.

## ☞ You cannot die.

You are made of spirit which cannot be extinguished.  
You're all eternal souls.

## ☞ "All is foreseen, but freedom of choice is given".

A question may occur:

*"If all is foreseen - then where is the person's selection?"*

So the answer is:

*"The Creation / God will never interfere in the human's choice. A divine pattern exists with the main destiny lines of each person while there is free will to select each move."*

For example: Driving a vehicle on an existing road that has multiple paths (= all is foreseen) yet **the right to choose how and where to drive** between those paths through interchanges and shortcuts is given to you, the driver (= freedom of choice is given).

You can lengthen or shorten your road, but eventually, you will reach the same target foretold.

All will happen - only time changes.

### ☞ All the diseases originate from the soul.

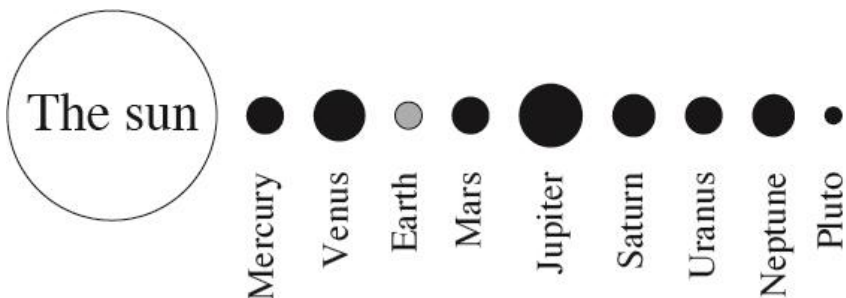

A spirit cannot be cured using only material; therefore, medicines (drugs) can't cure - but only can silence the problem which stems from the person's soul.

In order to truly heal - you must combine the work of a doctor with a diagnosis of a medium and treatment from healer.

The astrological sign of the Zodiac contains the order of the 12 Ages, which affects the ten planets surrounding the sun in the Milky Way Galaxy, including planet Earth - The only planet on which life can exist.

### ☞ In every Galaxy, life can exist only on one planet!

Therefore, from the nine planets in the solar system, life can exist only on planet Earth.

☞ **All religions involve material and violate the free will.**

Spirituality cannot be religious because a spirit is the opposite of corporeality.

**A religious man:**

Deals with a material: houses of worship, books, talismans, ceremonies, religious artifacts, and clothing.

**A spirit man:**

Does not deal with religion or material but communicate with *The Creation* without many additional accessories, modestly and quietly without dictating.

☞ **You do not need any mediators.**

All of you are associated with *The Creation / God* once you have been created. You are all an infinite spirit with a soul that lent to you for your journey in a tangible body.

☞ **The humankind on Earth was created by the Creators =**  
the Extra-terrestrial, while planet Earth serves as an experimental lab. (Additional information is in my book: 'Divine Creation'/2016).

The Astro-numerological circulating order rotates and affects the ten planets in the Milky Way Galaxy which **human life can be created & exist only on one planet in each Galaxy**, in this case: Earth; therefore **that order affect us**. In order to understand the table's calculation in Chapter 4: **The birth of Jesus should be the starting point - forward and backward in time.**

Jesus (Joshua) was a divine messenger sent by *The Creation* to Earth to undo the religions and open a new Age without religions and material slavery, but he was ahead of his time and absurdly and unintentional Jesus created the religion of Christianity.

**The enormous absurd is:** the establishment of the Christian religious "state" of the Vatican in Rome under the Pope, when the Romans were those who crucified and killed Jesus.

**Religions get a tremendous impetus during the age of the Pisces** that began since the nativity of Jesus: in the year 0 and continues until the year 2106, when the Age of the Aquarius overlap it from the year 1638 and will continue until the year 4212, as detailed in Chapter 3.

The Age of the Pisces belongs to the Zodiac's variable signs, so it always starts with goodwill and up to madness and self-destruction. During the Age of the Pisces, the three main religions: Christianity, Judaism, and Islam expanded & were blown out of proportion, using extreme control, threats and intimidations

**by dictating** to their followers:

- Arrival to prayer complexes and religious classes, setting dates of holidays and ceremonies, prohibited of mixing between believers from different religions; especially when it comes to marriage or burial then it get more absurd, as:
- Marriage ceremonies that unite only those who believe in the same religion or burial ceremonies that allow only to 'their believers' to be buried on 'their land'.
- By dictating to their believers what and when to eat, on which days to strike and fast.
- Receiving donations up to establishment of cults or radical factions.

**All religions work in the form of an unnecessary mediation agencies** between humans and *The Creation / God* while they have being funded by governments, public and generation of believers.

**Between all religions there is a consistent marketing competition** that promises to unite their believers and transform them to a 'better people' by giving them answers from the "holy" books, which mostly contain tales from ancient times, remember:

**Any Material will never be holy - except of Souls.**

**This industrial-religion is rolling a tons of money for generations by exploitation and servitude their believers with no option to innovation, with the goal of turning their believers into slaves in 'the name of God'.**

**Human beings have an ego; therefore, religions will not be able to exist in peace.**

Historical evidence: **Religions never have united but divided and dispersed hatred** up to the extinction of all that is different and unfortunately, it's also relevant even today.

**Every religion revolves and violates human freedom.  
Religions are not spirituality.**

- **A religion man:** dictates without choice and dealing with materials such as houses of worship, ceremonies, cemeteries, books, laws and rules, artifacts and clothing.

- **A spiritual man:** provides a free choice; therefore, he is not a religion and does not deal with the material but communicates with *The Creation spirit* without any aid.

**You do not need mediators, you are all associated with God and *The Creation* from the moment of your creation and all of you have an infinite soul that has been lent to you.**

**God is not in the religions - but in the spirit of faith.**

**God did not create religions or time - humanity did.**

**God can never be One - It against freedom of choice.**

**There are no religions in the universe,**

**but free will and faith.**

**The universe's purpose:** humanity was created by **The Creators** (the extra-terrestrial /aliens) on planet Earth which is used as experimental laboratory in order to continue *The Creation's engine*. By the creation of human beings who will create other human beings in a circular manner, like on other planets on which life takes place.

**You are a soul** (spirit) which embodied in a human body (material) **to indicate the nature of you - as a spirit**, in order to **indicate the nature of *The Creation* / God**.

(Divine Creation, Lucy/2016).

**There is no Material that can make a spirit (soul) happy for a long time, only emotions are associated with happiness of the soul;** Therefore, all diseases are affected first from the soul and secondly from the physical body. **You cannot cure the soul (spirit) only by using material;** drugs cannot cure - but only create a temporary silence.

In the approaching Age of the Aquarius, there will be a customized medicine by a medical diagnosis of spiritual healers and mediums accompanied by doctors. **Each person has a natural ability to heal his own soul and body.**

**We are now** separating from the Age of the Pisces and gradually **entering the Age of Aquarius that will begin in the year 2106 and lasts until the year 4212**, while the Aquarius Age rays began 468 years before = in the year 1638.

**Each Age lasts 2106 years.**

**Age Rays begin 468 years before each Age.**

Here are few signs of the arrival of the Age of the Aquarius:

- The power returns to the civilians that will bring new order for the better in favor of the masses.
- Women will get stronger; they will lead and bring world peace, one global government to all civilians on Earth.
- Technologies mostly base on air, gas and pressure.
- High insight and spiritual at its peak.
- Reducing the world population by massive natural disasters are expected up to the entrance of the

Age of the Aquarius in the year 2106. All new creation requires chaos first.

- Religions will be replaced by free faith:  
*"In the universe, there are no religions but faith."*
- As higher levels of education will be increased - religion will decrease.
- The population will reveal physical meetings with our Creators (the extra-terrestrial) and many other forms of life outside Earth.

The astrological Zodiac contains all the 12 Ages and affects the ten planets surrounding the sun Galaxy of the Milky Way including Earth.

**Remember:**

**Life can exist only on one planet in each Galaxy, and each Galaxy has its own Zodiac cycle of Ages.**

**The tool for understanding the universe is  
the international language of: The mathematics.**

## ∞ About me ∞

**A**s a child, my parents were busy providing and I had a great deal of quality time by myself with an active imagination, patience with fearless of experiencing new things. I noticed that when I asked question - then a reply immediately popped into my mind and I got information and visual vision from an inner voice who keeps talking to me until today.

At the time, I thought that my experiences were typical to all children, but over the years I discovered that I'm the weird one who is exceptional. Out of boredom and loneliness, I opened up to the world of the spirit, there I felt protected and there was no one to stop me or doubt my inner world. At the age of six, I began to hear & see beyond and have conversations with deceased relatives.

There I received that my real destiny is: to transfer messages and insights, especially while the humanity is entering the Aquarius Age during my lifetime; while the humanity and technologies are highly changing rapidly to the benefit of the planet Earth and all humanity on it.

**Life is a play: Earth serves as a theatrical stage upon it humanity appears in changing sets, costumes, roles, languages, customs, culture, and progress.**

**I** have always been fascinated by the spiritual world that is hidden from sight. In my professional I am a practical architectural engineer but more than that I'm a spiritual woman, a medium since the age of six. I am non-religious Jewish but ***full of endless faith*** in God, *The Creation* and *The Creators* **because religion contradicts the human freedom of choice**. I serve as a vessel for passing through messages. **I am an ancient soul** who came to Earth with enormous knowledge & ability to communicate with spirits.

**The moment a person acts according to rules and regulations that were written by others and not according to his own choice, this person is blocking himself from personal experience and creating his own negative karma.**

*Religion goes against the human freedom of choice.*

*In the universe there is*

***no religion – but only faith.***

*It is the inner faith that makes the difference*

*and not the external appearance.*

***In every aspect of life,***

***the moment you ask 'why' and***

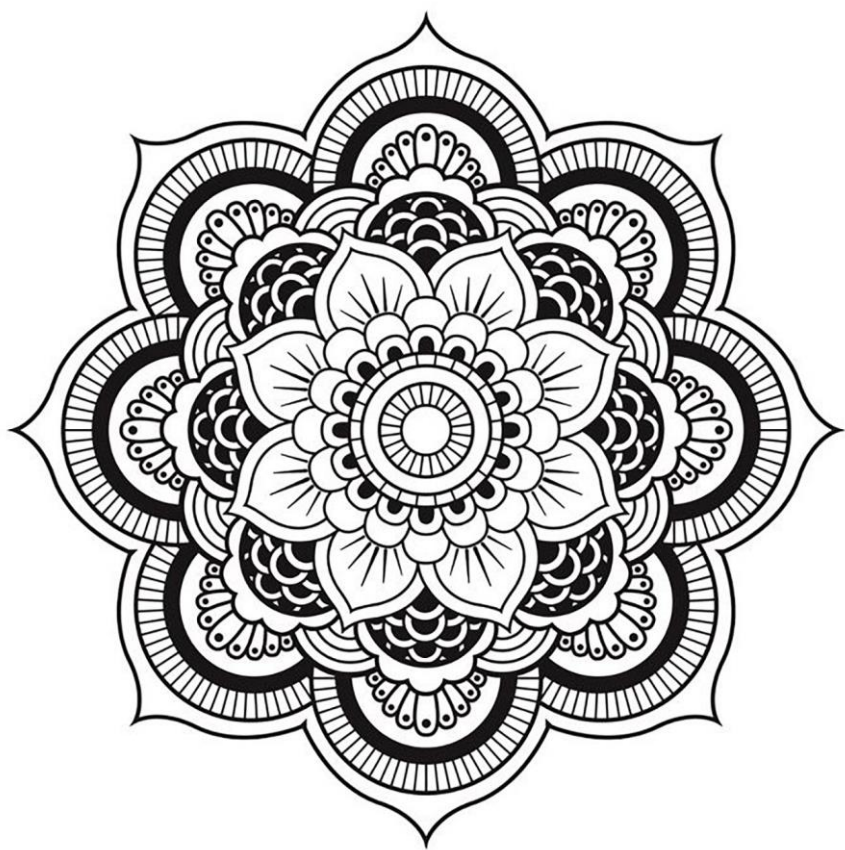

***do not receive a logical answer,***

***it is the time to stop and rethink the matter.***

*“Around the world  
people pay their respects  
to glorify religious leaders  
clothed in various outfits.*

*Who is portrayed as more reliable and trust  
than true people of the spirit,  
such as mystics and mediums  
who are portrayed as flighty, strange or charlatans?*

*P*erson's outward appearance and clothing  
do not indicate his quality, integrity,  
reliability and true personality.”

## ❧ Mystical events in my life ❧

### Realization of destiny

During my twenties, after many years of working as practical architecture, I decided to quit my job after receiving an inner message: *“My dear, it is time for you to go. The department is about to close down. This is the right time for you **to begin fulfilling your true destiny.**”*

I shared this message with my manager, but despite his lack of faith a short time after I left - my prediction came true! This incident strengthened my sense of confidence to fulfill my destiny - working as a medium.

### A messenger

I entered a restaurant and noticed an old man in tattered clothes look at the restaurant's window, it felt as only I saw him. I went outside and put some money in his hand; he returned it back and said: *“I don't want your money, I want to eat.”* He refused to come inside and stayed on the sidewalk. I bought him a meal, went outside and gave it to him. He didn't say anything just kissed my palm and took the food. On my way back inside I turned back to him but he vanished! He was a messenger who sent from above to test me.

## Encounter with extraterrestrial (Aliens)

One night I woke up and felt my entire body paralyzed except blinking my eyes. I saw two aliens standing in front of me, looking at me. Their appearance was: height around one and a half feet, head shaped like an upturned pear, eyes large and cat-like, no eyelashes or body hair, small mouths and noses. I wasn't afraid and began to communicate with them through telepathy: *"Why did it take you so long to come? I've been waiting for you since an early age."* and they responded: *"We've been here all the time; **you are the one** who wasn't ready for us."*

I remembered from that encounter how my body rose in the air and with a single blink they rotated me as I was floating in the air, so that I faced the floor and were led through my room's open window to around spaceship covered with small illuminated windows with unusual structure of links that make up the spaceship's floor.

I received some kind of treatment in the spaceship, but they erased my memory. In that same night, I received the ability to see X-rays even remotely. In the following day, I woke up extremely tired.

Over the years up to these days, I continue to communicate and receive treatment from them.

## Trip to London

I went with a friend to London. We took a ferry at the river *Thames*. During that cruise, I closed my eyes and saw a vision: *'the entire city of London is on fire'*. A few weeks later, I discover about 'The Great Fire of London' that broke out in the year 1666. It is amazing that there is no coincidence about what can be seen back in time. As we were celebrating my birthday, we went into a big toy store on Oxford Street. My friend announced to one of the salesmen that I'm a medium, which he insisted to receive a personal message, so I told him: *"You were here in London at the age of 17 on a family trip with your parents and your little sister"*, he was stunned: *"It's true! how did you know that? I will gather the rest of the employees, please come to the fifth floor."*

Without requesting it, I found myself on the fifth floor channeling for the store's employees. In one special case, one manager approached me so I asked him: *"Why are you sad? Your sister is already feeling better after her operation."*

He was surprised and told me that his sister had undergone heart surgery. I began to see her heart from afar, using an 'x-ray vision': *"The source of your sister's heart condition was the lower left valve, which separates the chambers of the heart, it did not function properly and the problem was fixed following that operation."*

He immediately called his mother which verified all the details I gave him!

After four hours we came out of the store. While we were standing on Oxford Street, I told my friend to look at the sky: *"The Creation is sending us a message and a hug from above."* Then after two minutes an airplane emerged and marked a white stripe in the sky.

### **The woman in black**

One morning, a seventy years old woman came to a channeling session. She wore a black dress; her hair was black and disheveled. She sat in front of me and began to complain how *"mystics have ruined her life by 'not allowing' her to ever experience love or marriage"*. I felt her negative energy and noticed a satanic male entity dwelled within her, so I immediately protected myself and asked that entity: *"What have you come to me seeking? What is it that you want? I am protected, you cannot harm me."* The woman continued complaining and began to curse; so I asked her to leave. An hour later I smelled something burning in the room and when I rose my head up I saw a "fiery flame" erupting from the top of my head. I put out the fire; some burnt pieces of paper fell down but amazingly my hair and scalp were not damaged.

I received a message: *“What you have now experienced was sent to you by the woman in black”*.

I pressed my palms together & sent the energy back to her and I asked from *The Creation* to let justice be done.

## **Out of body experience**

One night, I woke up from my sleep paralyzed without the ability to move besides my eyes. On the wall in front of me, I saw a wide camera film open up and in it three picture frames. Paralyzed I saw myself in a form of a hovering white dove, flies between several images from my previous incarnations. My soul rose out of my chest and entered into the first picture frame. This process repeated itself three times.

In each frame I saw myself in different places, speaking a different language until the whole process ended.

Moments later a spiral white light appeared in front of me and it began to turn in a circle, while tiny chubby color angels, without any sexual identity, were flying around the spiral and heavenly music of harp was in the background. Wow! That was a divine experience!

## **The prince of darkness**

I borrowed a spiritual book and read the first half and agreed with almost everything written in it. The following day, while reading the second half, I realized

that the contents were not as “enlightened” as I had thought. I saw it as a moral obligation to note this in my first book. At midnight I placed the book on the nightstand and sunk into a deep sleep.

Suddenly I opened my eyes and couldn't move besides from blinking, I lay on my side paralyzed and felt that someone kneeling on my bed behind my back, a pressure had been created in the mattress. Someone's elbow pressed into my right arm and I felt pain.

I saw that it was a male figure with a bull's head with thick glowing gold horns, which emerged from the upper part of his forehead. The pain in my right arm gradually intensified. I decided to speak with him voicelessly and politely asked him to leave and not bother me. I heard a devious laughter from his throat. I summoned angels and entities to come and help me.

He applied force on my right arm, approached my right ear and whispered:

*“Who do you think you are to dare write about me in your book? You mustn’t write what you’ve intended to or slander my name. You are unaware of the fact that I have a respectable position in the universe **in order to allow a free choice** to all. You shall never publish the name of the book you’ve read and if you will do so - then I will visit you again... And while I’m here let’s testify your forces.”*

He applied increased force on my right arm and that was so painful. Suddenly I felt a “*ball of light and fire*” stirring in my belly and it reached my chest, entered my right arm which rose up and pushed him away.

The Prince of Darkness / Devil disappeared in an instant. I decided to share that encounter in order to make it clear:

**The devil does exist and has a place in the universe.**

I realized that good and evil do not exist. Maybe what's good for one person - is bad for the other. Everything is relative.

*Everything exists around you in pairs:*

*Male and female; day and night;*

*darkness and light;*

*devil and angels; heaven and hell.*

*You even have been given the ability to lie*

*Because always telling the truth will*

*avoid you to choose. All is done in order to balance*

*and allow you a free choice.*

## My mother's death

Six months before my mother's death, while she was still clear-minded, I had a dream in which my mother appeared alone in a room and told me:

*"Hash.... don't tell anyone that I'm here. Only you can see me. They are asking me in heaven to decide whether to stay here or to leave. What do you suggest I should decide?"*

I replied: *"Mother, I have no right to decide for you, that is a decision **only you** can make."* She replied back: *"O.K, I'll think what I should do",* after that I saw the number five.

Friday at four o'clock in the afternoon, I received a message to rush to the hospital. As I began driving toward the hospital, I felt that my mother was sitting in the passenger seat beside me, she said:

*"I came to say goodbye. I chose to leave now, on a Friday afternoon when there is little traffic on the roads because I know how much you hate traffic jams."* I replied:

*"Mother, wait for me! I want to say goodbye before you go. I will be arriving at the hospital shortly."*

As I entered her room in the hospital I found out that my mom passed away while I was driving. Her body was laying on the bed. I saw a vision which she was standing, smiling, healthy, happy and suffered no pain while she entered *'The tunnel of light'*. Then I found myself passing personal messages from her to a few relatives and medical staff, all were shocked from the precision.

Friday at **five** o'clock in the evening, my mother passed away as in my dream!

**Remember that we are all made of souls; therefore we cannot die only changes form and keeps on moving.**

***The soul is infinite.** Each soul enters a host body - at the time of birth and exits it - at the time of death, then the soul transfer back to a spirit. Each event that occurred in your lives **was meant to be - because you chose it!** All to achieve personal empowerment, mature, to complete cycles and make a correction with your karma.*

*You have received the most precious thing which no one else can give you and that is **life - the only sacred thing.***

*You cannot die.*

*You are an infinite soul that testifies on herself*

*by learning through being in  
a temporary material body,  
to attest to the nature of the soul's spirit  
and of The Creation / God's spirit.*

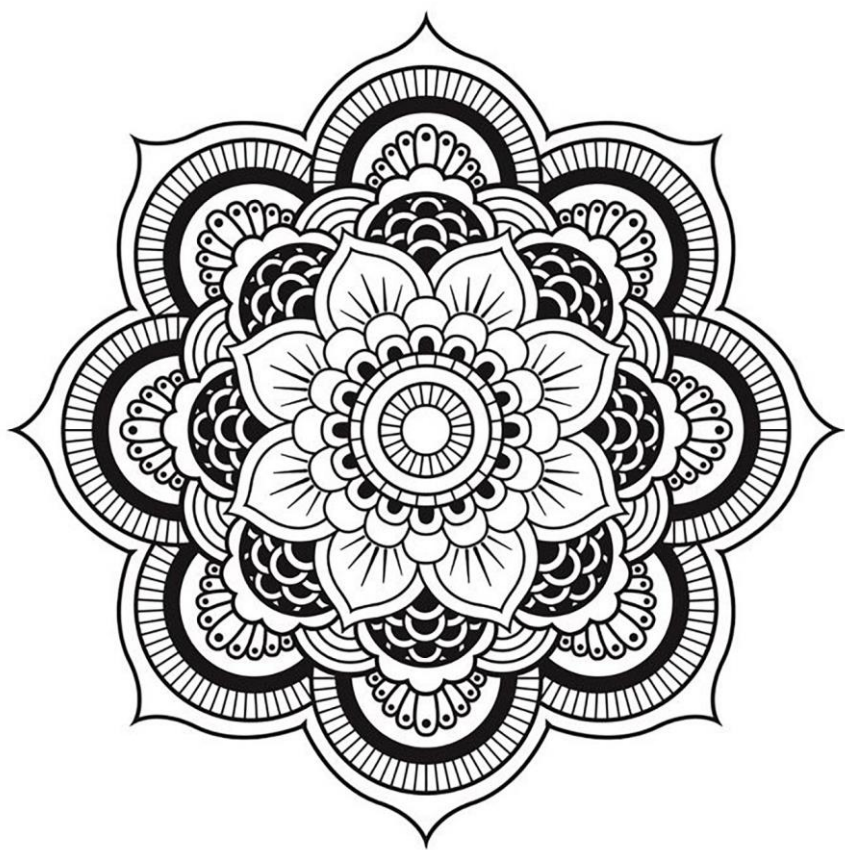

*Fear results from - the lack of knowledge.*

*Knowledge is power - which chases fear.*

*If you know - then there is nothing to fear.*

# Chapter 1

## Basic Concepts

## ☞ The mathematical calculation ☞

**The tool for understanding the universe is mathematics.**

Each Age from the Zodiac has positive and negative features which affect humanity on Earth. Between each Age and each Age-rays, the movement always contains upcoming changes that affect: the environment, brotherhood, social, technology, sciences and more.

**Each Age lasts 2106 years.**

**Age-rays always begin 468 years before each age.**

As the Sun-rays appear before Sun-up, similarly the Age-rays rise and appear 468 years before the beginning of **each Age**, in this way there is always an overlapping period between Ages toward the entry of the next Age and so on (Chapter 2: 'Ages flow chart').

The first part of the book contains explanatory content and basic concepts. The second part of the book, at chapter 4, contains mathematical tables which move approximately 4,000 years back in time and over 20,000 years forward in time and corresponding relative to this theory, it provides an explanation for historical events from the past up to these days and forwards into the future.

Remember: There will always be an overlapping period between times such as: Each Age start 468 years earlier and every year start six months earlier; each month starts a half month earlier, etc.

**In chapter 4 there is a clear separation:**

✓ **Up to the year 0** AD (nativity of Jesus):

**The years move backward.**

The order of the cyclicity and the cycles are moving in **ascending** mathematical cyclicity, until the birth of Jesus.

✓ **From year 10** AD

(Jesus reached enlightenment at the age of 10):

The order is reversed and **the years are**

**moving forward.** The order of the cyclicity and the cycle are moving in **descending** mathematical cyclicity, up to these days and forwards into the future.

**The 12 signs of the Zodiac moves backward in the opposite direction** to the order which we are accustomed today in astrology.

This phenomenon of 'backward movement' gets reinforcement in the book 'Initiation' by Elisabeth Haich, which also mentioned that the Ages are moving backward in the Zodiac. Haich indicated in her book years and Ages without explaining how she received those digits. Further to Heich's book, this book contains explanations and numeric data with mathematical calculations for each year & Age that were received through channeling:

Topic	The book 'Initiation' by Elisabeth Haich	In this book
Ages details:	Only 5 Ages are listed: Taurus, Aries, Pisces Aquarius & Capricorn.	All 12 Ages are listed
Ages explanation:	None	There is
An Overlapping period between Ages:	On page 335 - 2 lines verbal explanation and about the 'transition period'.	Deep Mathematical and verbal explanation.
Period of An Age:	21 <u>60</u> years <div>60 = 06 Reverse digits</div>	21 <u>06</u> years
Period of a year in the universe:	25, <u>920</u> years <div>9+2 = 2+7+2</div>	25, <u>272</u> years

Here are several important insights from my first book 'Divine Creation', 2016:

- **You are all temporary guests on this Earth.** Nothing was or will be yours forever, other than your free will. **Even your soul isn't yours- but was loaned to you.**
- **You were created by the Creators** (extra-terrestrial) in order to **testify to the nature** of:  
1). your spirit    2). *The Creation.*
- **Each soul** in the spiritual dimension that wishes to exist in the physical dimension **selects a host body and breathes life into it. The physical body has no life without the presence of the soul.**
- **You cannot destroy or stop anything on Earth.**  
Humanity will not be able to destroy Earth but only temporarily annihilate the life on it. The planet exists billions of years and does not need oxygen, water, land or natural resources to exist; those are the humanity and nature that need them.
- **The soul always selects without an ego.**  
At the time of death, the soul turns back to its natural state as a spirit. You can choose to have another incarnation in a physical body or remain a spirit.

*How would you know who you are, if The Creation would not hold a mirror in front of you?*

*How can God know if he is good, merciful, loving, generous, helpful, hateful, cruel or miserly?*

*Each and every one of your actions testifies to the nature of you and eventually of God / The Creation.*

The soul sometimes undergoes thousands of reincarnations in order to repair and achieve enlightenment in a physical body.

The amount of enlightenment the soul is what allowing the soul to rise from the material world to the spiritual world hierarchy.

Each soul can move forward or backward in order to fix; therefore, each person can choose to reincarnate as a stone, a plant, an animal or a human as shown on the next page:

## The material world

The spirit soul chooses to breathe life into a human body in the hierarchical material:

- Dust and stone.
- Plant.
- Animal.

- Human being or material form of life.
- Creating upgraded human being.
- Up to enlightenment in a human body.

## The spirit would

The Soul finishes its incarnations in the material world and **according to the amount of enlightenment inside of the soul** it can rise to be:

- An entity.
- An Angel.
- A major Angels.
- To unite with *The Creation's source*.

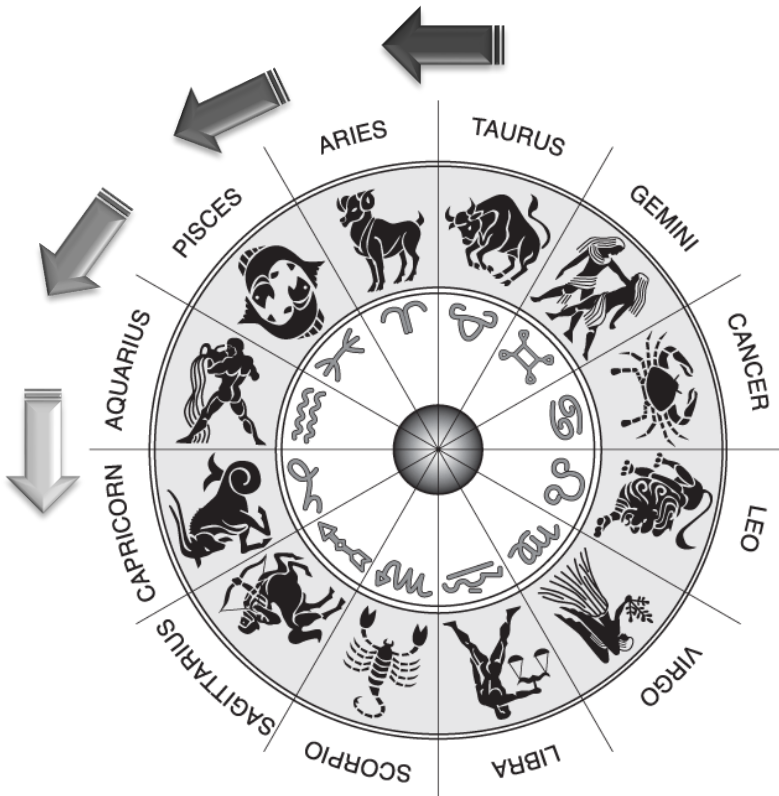

The cyclicity of the Ages **moves backward** in the Zodiac:

From **Taurus**  to **Aries** (& not to Gemini).

From **Aries**  to **Pisces** (& not to Taurus).

From **Pisces**  to **Aquarius** (& not to Aries).

From **Aquarius**  to **Capricorn** (& not to Pisces)...

## ☞ Cyclicalty of 52 years ☞

Each cycle is divided into two parts ( $27+25 = 52$  years):

**The first cycle = 27**

**The second cycle = 25**

### The meanings of the number 52:

- ✓ The approximate number of **52** weeks in a year.
- ✓ In science: The atomic number of tellurium
- ✓ It is an untouchable and decagonal number, since it is never the sum of proper divisors of any number.
- ✓ A significant number in the 'Maya calendar'.
- ✓ The **52** Hebrew letters in numerology, meaning: *God*.
- ✓ 'The Jewish Zohar' book is divided into **52** sections.
- ✓ 'The five books of Moses' divided into **52** sections.

## ☞ The first cycle continues 27 years ☞

**27 years:  $2+7 = 9$**

The numerological meaning of number 9 is completion and preparation for a new beginning.

Each cycle continues for 52 years. Only on the single 27<sup>th</sup> year - ***The Creation* affects humanity by bringing knowledge to Earth** in order to repair in preparation for the 25 years second cycle therefore; in the tables on chapter 4 the 27<sup>th</sup> year repeats itself twice !

**These 27 years mostly reflected a time of chaos and liquidation** up to a recreation in a variety of areas: development & destruction, industry & trade, conqueror & conquered, war, starvation & natural disasters with geographic ecological changes, governments & civil rules, across populations, etc.

**Every new creation - must begin with a chaos!**  
**Chaos takes place during the first 27 years and the recreation takes place in the 25 years after.**

Only on the 27<sup>th</sup> year *The Creation* always intervenes, brings knowledge and chaos to Earth, in order to create a new order, here are some examples:

- **In order to renovate**, we must produce a chaos: to disarray and reorder up to creating the desired order.
- **In order to create a new planet** - it must start with chaos by blowing up other planets, up to creating a new planet from their stardust.

The outcomes of World War I - is World War II, which created a world chaos, that ended and parallel opened a new period on the 27<sup>th</sup> year = 1945: Chapter 4 explains how *The Creation* interfered by chosen Alan Turing (the father of computer science) and gave him the knowledge how to crack the 'Enigma-code' in order to end World War II. **Nothing is accidental but a divine timing!** Due to the chaos of the Holocaust - the Jewish people were given the right to return from exile and establish a state in the land of Israel. All happens for the benefit of humanity by *The Creation* intervention.

## ∞ The Second cycle continues 25 years ∞

**25 years :  $2+5 = 7$**

The numerological meaning of the number 7 is reparation.

*The Creation* provides 25 years for the second period **in which humanity can repair the damages of the last 27 years.** All with the supreme goal of preparing humanity for the next cycle and so forth.

These 25 years would be globally characterized by repair, love, recognition, understanding, compassion and morality, freedom & justice, growth & awareness, innovation, wisdom, and spiritual expressions.

### Example from Chapter 4:

The cycle of 52 years between the years 1918-1970 that divided to:

**1918-1945:** 27 years of chaos and distraction of World War I & World War II.

**1945:** The 27<sup>th</sup> year repeats itself twice. In this year *The Creation* intervened and ended war world II using Alan Turing who invented the computer that cracked the Enigma-code and led to end the war world II.

**The Creation** intervenes by sending the knowledge in order to **protect humanity from self-destruction.**

**1945-1970:** 25 years to repair. *The Creation* sends to Earth extensive scientific-technological knowledge by many inventions, such as:

Transistor, photocopying machine, laser printer, hydrogen bomb nuclear, a nuclear-powered submarine, DNA structure, first pacemaker implanting, first man on the moon, satellites in space, Pascal programming language.

**The 468 years of age rays will always illuminate the humanity with scientific-technological progress.**

## **An Age Rays**

As the sunbeams appear before the cost of the sun;  
therefore, **the Age Rays always appear 468 years at the beginning of each Age**, which creates gradually overlapping period between Ages, toward the following Age.

**The mathematical explanation:**

**52** years of cyclicity X **9** numerological cycles = **468** years.

of an overlapping period between the Ages.

Connecting the digits:  $4+6+8 = 9$ .

The numerological meaning of number 9 is completion and preparation for a new beginning.

**52** = 52 years in every cyclicity.

Every cyclicity is divided into two parts; 25, 27 and the sum of them is: **52** years = **25** + **27**

**9** = 9 Numerological total cycles.

## ❧ A Mega Age ❧

**The mathematical explanation:**

**468** years of Age Rays X **9** numerological cycles = **4212** years.

Connecting the digits:  $4+2+1+2 = 9$ .

The numerological meaning of number 9 is completion and preparation for a new beginning.

**468** = Age Rays which appear **468** years before the beginning of each Age.

**9** = 9 Numerological total cycles.

## ❧ An Age ❧

**The mathematical explanation:**

**4212** years of Mega Age : **2** overlapping Ages = **2106** years.

Connecting the digits:  $2+1+0+6 = 9$ .

The numerological meaning of number 9 is completion and preparation for a new beginning.

**4212** = Mega Age which continues throughout **4212** years.

**9** = 9 Numerological total cycles.

## **A Cosmic Year**

This means:

The period of time which Earth completes a full rotation of the 12 Zodiac signs.

**The mathematical explanation:**

**2106** years per age X **12** Zodiac signs = **25,272** years.

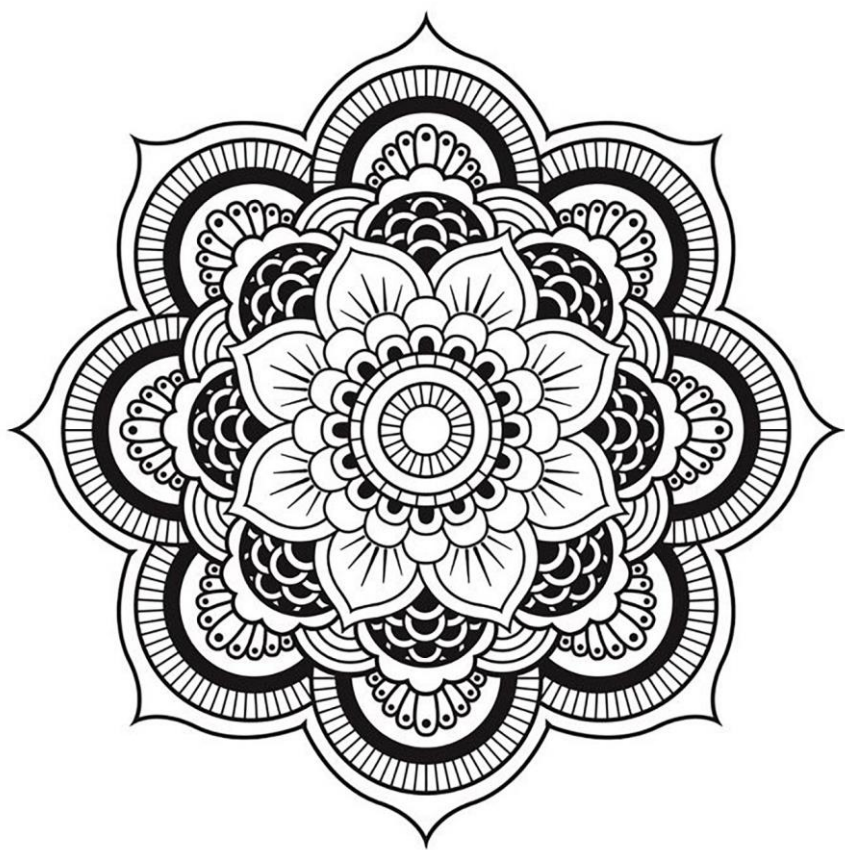

Connecting the digits:  $2+5+2+7+2 = 9$ .

The numerological meaning of number 9 is completion and preparation for a new beginning.

**2106** years = In every Age.

**12** = The 12 Astrology signs of the Zodiac.

- The birth of Jesus intended to open a new Age, to undo all religions and unite humanity but unfortunately, the process was not completed yet.

In Pisces, as always starts with good intention and moves forward to control, bullying and domination such as: at the beginning, it brought a good help for believers and move to the extremes as crusades and Crescent of Islam, inquisition, massacre and Holocaust.

The establishment of the United States and United Nations. As usual, it all happened after *a Chaos* of civil war.
- ✓ **Civil revolutions** are expected to arrive and to lead to the elimination of the remain tyrannical regimes and kingdoms, until the entrance of the following Age of the Aquarius in the year 2106.
- ✓ **The Age of the Pisces contains many bloody wars,** conflicts, feuds between nations and tribes, as documented from the ancient time of Greece and Roman, Alexander's conquests, Ottoman Empire, Napoleon, and etc. In this Age, the male ego ruled and created destruction, unnecessary wars, and the Killing of millions. In the following Age of Aquarius, the opposite will happen: women will rise worldwide and will bring world peace.

During the Age Rays of the Aquarius (from the year 1638) ***The Creation decided of a global union among civilians on Earth*** and brought in the consciousness that we are all one and all around us is alive and contains a soul. *The Creation* had provided us:

- 1). The knowledge: to sail on water and discover lands.
- 2). The internet: to reduce the physical distance between humans by allowing them to approach each and unite; as the establishment of Google in the year 1998 = during this 27<sup>th</sup> year *The Creation* involved.

The effects of the Age of Aquarian noticeable especially in the year 1638: then Galileo Galilei discovered the speed of light, that's when

*The Creation* decided to intervene by bringing that knowledge to Earth. Since then the technologies developed frequencies & waves (⚡ as the sign of Aquarius) such as radio waves, active radio waves, microwaves, telephones, faxes, medical equipment as x-rays, MRI and more.

- ✓ **In the Zodiac, the complementary sign in front of Pisces is Virgo**, this fact has contributed to a surge of global higher education, develops, universities and colleges.
- ✓ **Explorers discovered** the world since the year 1490. The global spread of the printing press since the year 1500. The industrial revolution since the year 1760, the human landing on the moon in the year 1969 and since then an infinite technological development.

All these brought to an unhealthy eating that caused outbreaks of disease such as: obesity, diabetic, cancer, all those and more will continue to kill millions up to the entry of the Age of Aquarius in the year 2106.
- ✓ **As we approach to the beginning of the repairing Age of the Aquarius - we can notice the insight** of healthy lifestyle revolution: of cooking, baking and drinking, using a variety of natural ingredients, vegetarianism and veganism, compassion to animals, self-growth of fruits, vegetables, legumes and herbs and more.
- ✓ **The nature around -** During the Age of Pisces, we noticed the use of animals for transport and agricultural needs, abusing and massive killing of animals.

As we are moving from the Age of the Pisces and entering the Age of the Aquarius - The quality of environment moved forwards, also enactment of laws and rights, animals protection and healing, releasing animals from the Zoo and labs and releasing the animals back to the wild. Recycling products for reuse, desalination of sea-water and wastewater, green energy utilization in air, sea, lands and more.

- ✓ **The study method of education in institutions has been improved**, with the entry of the children of 'Crystal and indigo' which were born from the year 1945 and onwards. These children have high frequency, spirituality, a burst of energy and extensive curiosity.

Unfortunately, these children have been named "ADHD children". **There is no coincidence - but a divine purpose.** We must understand the significance and purpose of why those magnificent children were arriving to Earth since 1945:

First to change the world education system by learning in small groups or online with human or robotic assistance, less papers and memorizing and more technological learning accessories and research.

Learning outside the classrooms and out to nature, practical study instead of theoretical in calmness and patience. We will see tremendous changes thanks to the *chaos* which caused by the "ADHD children". These souls of children were sent to Earth:

- 1 To upgrade the world education system.
- 2 To reduce technology the gap between us and other forms of life in space.
- 3 To bring compassion, love, insight and innovation among humanity. Those are our future generation that will open us to a new discoveries.

✓ ***The Creation* prohibits using medicines and drugs** on these souls for "ADHD". **The problem is in the outdated education systems rather than them!** These psychiatric medicines cause these souls to become zombies with eating disorders and social problems.

Children who will take these medicines - there is a high chance that they will develop an addiction to pills, drugs or an obsession. Not only this, but their parents or other medicines supporters are producing for themselves a negative future *Karma*, as all returns to the sender.

A global *chaos* made by these "ADHD" children, will causes the old and unproductive systems to disappear in order to create and build an upgrading education systems for the benefit of the future generations.

Question: "When there is a hole in the road - will you repair it or will you prefer to take medicines and drugs that produce a simulated reality which imagines that the hole is repaired.

**All new creation - require a *chaos* first!**

✓ **The Age of researchers and insights:**

*"The movement of the wind and the material are the movement of the waves (as the symbol of the Age of Aquarius ) and the difference between them is reflected in the frequency intensity".*

With the entry of the Age of Aquarius technology has developed an equipment based on the wave transmission which is similar to the signal of the Aquarius  such as radio, phones, laser devices, electric waves, microwaves, sound waves, light waves, smell waves, etc.

During this Age, *The creation* reminds humanity of their natural ability to heal, move and communicate without sound or signals, equipment and instrumentation - but using their brain cells similar to our Creators (The Extra-terrestrial). The Age Rays of the Aquarius brought with them the period of the industrial revolution and discoveries (years 1600-1800), since then all is accelerated in order to reachability of telepathic communication and to reduce the gap between Earth humanity & forms of life in the Universe.

- ✓ **Spirituality at its peak** - During the Age of the Pisces dealing with mystique was considered taboo and lead to excommunication, penalties and death as witches were burned at the stake.

As we are entering the Age of Aquarius, the dealing with mystique, spiritual counseling, channeling and transporting messages from deceased will be required and will be coming a thriving industry. In this fast Age the justice will be done with each person here and now : *"All your acts presently return to you"*.
- ✓ **The power returns to the civilians** - Administration methods of democratic-capitalist ideology will have to change in favor of the masses. Dictatorships and monarchies will collapse. **Canceling study subjects that discuss the past** such as: history and religion - they will be classified as a literature and general information, because these study subjects do not contribute to the future, as humanity has never learned from historical events; as long as there are wars - it's a sign that human beings have never been wise enough to learn from the past mistakes.

**Only science and technology will connect between all human life forms across the universe.**

- ✓ **Open borders** - Population transitions expected between countries with the aid of chaos (as required in every new creation). First, civilians will flee and immigrate as refugees with permits and visas and gradually expected to pass freely between countries while extensive knowledge will become a worldwide required resource. Citizens of the world will be able to work according to their skills from home or place and country. **Boundaries and limitations will disappear and with them - the isolation of Earth in the universe. humanity on Earth is becoming one global village.**
  
- ✓ **Global Union:** One for all and all for one. *The creation* has given the Internet, that will assist humanity to unite using visible information & fast communication. This began in year 1998 with the establishment of Google and social media which provides the power of free expression

of citizens, discovering truth, sharing, and bringing justice and all for the future global union.

Governments, companies, corporations and institutions out of fear of losing control will begin tracking civilians in excuse of "public security" using advanced technologies: tracking chips, surveillance cameras and robots. These steps are blessed for producing a civil chaos in order to remove all what harms human freedom.

***All that is corrupt will disappear.***

**The Age of the Aquarius is coming to repair  
the damages from the previous Age of the Pisces.**

Planet Earth reminding humanity through the forces of nature that over billions of years of existence - nothing has or will destroy it. **The destruction of natural resources on Earth will ever affect its existence but will affect only the living life that populates it temporarily.**

For the welfare of the humanity and the survival of future generations - **Global rules** will be established for reducing air pollution and protecting all nature.

Regretfully, humanity understands only through *chaos*, to do so *The creation* will produce severe natural disasters until the entry of the Age of the Aquarian in the year 2106, by:

**Global warming** - Melting of the glaciers and rising of the sea-water and flooding beach cities, extreme winters and rains will flood countries, sinking lands and sinkers, earthquake, strong storms, hurricanes and tsunamis.

- ✓ **Everything in the universe circulars and return to the sender** as a Karma, that is why nature is fighting back in the main polluting countries such as United States, Asia and especially China, which during their rapid development they caused destruction in other countries. All that happens on Earth affects the entire global population.
- ✓ **Rescuing animals** - The release of animals from Zoo and returning them back first to nature reserves and then to plots of land and Islands free from humans. Killing and slaughter will disappear gradually during this Age, also to prevent infection and diseases of animals eating. *The creation* will always remind human beings that they were originally created as plant eaters. Eating meat began since the droughts and crop damages in which the ancient man fought for survival as a result, a human species of carnivores developed with fangs.

In this Age, the DNA medical will prove that the human body, that created from interbreeding between male gorilla and female alien, unlike animals cannot digest meat; therefore, the human body produces diseases which will be discovered during body aging.

Future medicine will guide people how to heal themselves using their ten senses (Divine Creation/ Lucy 2016).

This fact is not racist but statistical. (Divine Creation /Lucy 2016).

Failed continents such as Africa and India and more, will demand help from polluting main countries and will receive support and financial compensation for the environmental damages in their country that were caused by heavy industrialized countries such as United States & China. Everything in the universe is circular, once you pollutes and exploits natural resources in one part of Earth - it affects all it other parts.

***In the universe there are no religious - but faith.***

✓ **Medicine:**

Healing and diagnosing by frequency transmission that similar to the signal of the Aquarius  with devices like: MRI, infrared waves, ultraviolet, laser, ultrasound & etc.

✓ **Databases, memory and knowledge** - that have positive properties: Copying from one person's brain cells, storing it and transporting it to another person's brain cells, especially before a person's death. Transfer capabilities like general & academic Knowledge, natural talent to play, cooking, learning languages, trips, experience, all that can be pass between people within a short time by contract of mutual consent. Banks of knowledge storage will be established in the world. This also has negative properties: This capability could be used as a method of intimidation and control of corrupt governments and organizations on citizens in order to cause damage, steal knowledge and memory. - ✓ **DNA-based medicine** – There will be forbidden to sell General medications to the public, but only custom medicines to each living body according to his DNA.
- ✓ **Medical professionals** - will work closely with a staff of mediums and healers, when the lead insight is:

*The condition of the physical body is  
deriving directly from the person's soul.*

- ✓ **Therefore, healing the soul must come together with the physical body treatment.** For healing the body, we first must understand how to heal the person's soul mental

crisis which will lead to his physical condition. It is important to understand the source of the problem: What is the person's karma that he is carrying since his past incarnations and what can he do now to correct it.

All medical and spiritual information will be given to the patient in the presence of doctors and spiritual staff in detail and patience until the patient will get tools and learn to heal himself.

This process should be done without using **PLR = Past Life Regression**, that is not recommended process which led the patient back into his past lives without controlling it and which could produce fears and traumas.

**The purpose of humanity on Earth and in the universe:**

*The Creators* (Extra-terrestrial) created

*The Created* (Human being) on the face of Earth.

In order that *The Created* will become *Creators* themselves

And will create upgraded human beings

on Earth and other planets.

All with a supreme divine purpose of continuing

**In Circle 4 - periodically 2:** The Age of new order jointly with growth, strengthening, knowledge & communication.

Gemini Age Rays always begin **468** years before the next Age

$18,954 - 468 = \underline{18,486}$  years,  $1+6+3+8+0 = 18 = 1+8 = 9$ .

Each Age: **2106** years. The Age of the Gemini will end in:

$2106 + 18,954 = \underline{21,060}$  = digits Sum **9**.  $21,060 = \underline{2106} = \text{An Age}$ .

The digits summation of An Age or Age Rays is always **9** = completion and preparation for a new beginning.

The astrological sign of the Gemini is ruled by planet Mercury; therefore, this Age is expected to bring advanced knowledge, higher education, communications and strategic planning jointly with aggressiveness, manipulations and destructions.

## Summary words

Dear Readers,

Continue to my first book 'Divine Creation',  
The theory in this book reveals proofs,  
by simple mathematics calculation  
of Astro-Numerological order.

**The circle of life - has no beginning and no end.**

All around is eternal and alive, we can change the states  
of matters but never make them disappear.

Please continue to explore  
and reach your own truth,  
because there never will be a single truth  
in order to maintain the Divine Creation engine.

Remember,  
The universe always allows free choice  
between at least two options  
that's why

**G**od can never be **ONE**.
